💼 Experience

Alborghetti

March 2022 - November 2022
Title: Front-End Developer

Alborghetti is a startup currently in development that hired my freelance services to develop an e-commerce web app, which I developed from the ground up with React, Redux, HTML and Sass for the Front-End, and also Firebase for the Back-End and PayPal for the payment service.

EDteam

July 2019 - June 2020
Title: UX/UI Designer

During the time I worked for **EDteam** I helped, among other things, with the development of a new UI for the platform, as well as conducting research to make changes for a better user experience.
